DOUBLE CHARGE

600x1200mm
Glossy Surface

The traces left by the passage of time and daily life create an authentic connection between the architecture of a space and its history. Inspired by the aesthetics of decaying plaster, the Polished surface tile collection that brings together memories of past times and contemporary stylistic trends.

Things are never the same.

Opening up new ground in precision and tile finishes. Thanks to our new production system, not only can we improve on real sources of inspiration but we can also reinvent nature through products like nothing you will have ever seen.

Collections developed with HIGH TECH and its improved technology break new ground in design, thanks to its new aesthetic and material related potential for creating products that are simply unique. With the arrival of new technology, Pollens has yet again demonstrated that it is a trailblazer in the introduction of technological innovations, guaranteeing consumers exclusive products that are acut above all the rest.

ADVANTAGE & FEATURES

Nature, technology, science and design. Top quality ceramic surfaces by Pollens Granito are compact and impermeable, because they're made from pure minerals pressed and sintered at more than 1200°C. The best choice, for durability, safety, hygiene and beauty.

Versatile Size

Available in the grand size, the collection presents you with a perfect tiling solution to create seamless interiors.

Safe & Secure

Non-porous, hygienic, stain and scratch protected, the tiles from this collection are also ice and thermal shock-resistant.

Design Varieties

Available across a spectrum of patterns, the collection offers variety for all kinds of spaces and preferences.

More Sustainable

The collection is made from exceptionally durable and recyclable material, giving it an edge with its ecological and ecofriendliness.
